3 Bedroom, 1.00 Bathroom, 912 sqft

Residential on 0 Acres

N/A, Stuyvesant, NY

Move right in! This sweet Ranch is almost new and you're going to like what you see! The floor plan has been updated to maximize your living spaces for optimal enjoyment and livability by opening the kitchen and dining areas to the living room, which is further enhanced by the addition of beautiful hardwood flooring that flows through the spaces. The deep, rich kitchen cabinetry offers plenty of storage and the granite countertops set it off with a look of sophistication, matched only by the stainless appliances that all stay with the home! There are three bedrooms with lush carpeting that make getting in and out of bed comfy, and the full bath was also updated with modern tub/shower unit, ceramic tile floors and updated vanity which also features a granite top. The lower level of the home is as tidy as the first floor and offers attractive front loading washer and dryer, 3 year old Propane furnace, brand new electric hot water heater and plenty of room for storage or future hobby space. A rear deck is nicely proportioned for outdoor dining and entertainment and it overlooks the large, mostly fenced yard of .28 Acre in size. On the exterior you'll also find low maintenance vinyl siding, a 6 year old roof, blacktop driveway, and this house is further enhanced by central air conditioning for keeping cool in the summertime. This one won't last, so be sure to call for your appointment to view this almost perfect home!
