N/A, Woodstock, NY

Welcome to this exquisite contemporary, nestled in the woods, but yet within a 5 minute drive from the quaint village of Woodstock. If peace, quiet and serenity is what you have been longing for, here is your chance to own this elegant home on a dead end road with no through traffic. Built just 4 years ago, with almost 2000 square feet on the main floor and an additional 1000 square feet downstairs, everything you ever needed is at your fingertips. Walk in through the solid mahogany front door and say wow when you see the five foot wide hallway, nine foot ceilings, bamboo floors, 16 foot sliding doors, and a very bright and cheery interior with tons of natural light! Living space is exceptional with three generously sized bedrooms, two full tiled baths, and a spectacular gourmet kitchen. This kitchen is so much fun to entertain in, with soft close cabinets, gleaming concrete countertops and a pantry with pull out drawers. The central island also holds drawers and cabinets. There is a walk in closet in the primary bedroom, a stone propane fireplace in the living room, laundry room leading to a 2 car heated garage, and the list goes on. This is a must see! The finished downstairs is 1000 square feet of blank canvas: entertainment room, media room etc. A third full bath completes the downstairs in addition to a wet bar. The outdoors are divine as well with a long paved driveway, firepit, garden shed, large fenced in and secure area for your fur babies, 600 square foot deck with solar caps on the

railings, rock outcroppings, a private deck for the guest bedroom, a whole house standby generator, and extensive landscaping sure to delight you in the spring and summer. This is definitely a property not to be missed!
