Who doesn't want stunning views from their front porch? This is an amazing opportunity for an affordable home that has tons of charm mixed with some updates and is just waiting for the next owner's finishing touches. This 3 bedroom, 2 bath home has been lovingly owned for a very long time and is ready for its next chapter. The driveway leads you to the rear of the house so the amazing mountain views from the front are untouched and stunning. Enter in through the breezeway and separate laundry area, you walk into the recently renovated kitchen. It is bright, clean, and new with all new cabinetry, soft close drawers, sheetrock, lighting, electric, countertops and flooring. This leads you into the dining area where the first floor greets you with 9ft ceilings, hardwood floors and all the charm of homes built in the 20s, along with a full bath. The second floor which offers 3 modest bedrooms and a full bath off of one of the bedrooms. One of the bedrooms offers opportunity for those incredible views!
