4 Bedroom, 2.00 Bathroom, 2,880 sqft
Residential on 10 Acres

N/A, Coxsackie, NY

Take a look at this grand old farm house on nearly 10 acres and only minutes to the NYS Thruway and miles from Albany. Work had started on this property by the last owner but was never completed. Work was started years ago and never completed. Most of the house in midst of sheet rocking and rewiring. New flooring needed downstairs and new ceilings in half of the upstairs. New sheet rock and paint needed throughout. Bathroom upstairs is gutted and needs new fixtures. This is a total fix up renovation house. Please be aware that raccoons and squirrels got into the insulation in the ceilings upstairs and made a mess. The current owner poured a new concrete floor in the basement and spent the time and money to update the electrical system and heating. Electric heat was partially installed. Please note that the downstairs of the house is full of misc furniture and junk from another building. It is so full it is hard to navigate thru the kitchen and living rooms.

Built in 1890
