Residential on 3 Acres

N/A, Stone Ridge, NY

Tucked away with private and lush gardens, 174 Peak Road is a true gem ready to turn over ownership. Previously used as a boarding home circa 1790 and holding original features such as wide plank wood floors, exposed beams, and old numbered doors makes you feel like you are living back in time, with all the modern conveniences. Entering through the front of the home you are greeted by a large foyer space separating the dining room and living room. Cozy up in the living room during the winter with a dramatic stone fireplace and enjoy the sounds of the crackling fire. Through the dining room, access the kitchen which is part of an addition done in the 1800s. Upstairs, which was once divided into 9 bedrooms, holds a space that has the potential for a den, office, or fourth bedroom. All bedrooms on the second floor boast natural light and have nicely sized storage space. Additionally, the barn on the property is fully heated and perfect for W@H, studio or gym, and also includes a functioning workshop, two-car garage and additional storage. Relax outside on the bluestone patio, enjoy the many outdoor garden spaces, take a stroll on the walking trail through the woods, or view the night sky as you sit around the stone firepit. Located right just minutes from the center of Stone Ridge, and a short drive to popular attractions such as Arrowwood Brewery, Inness Resort and Restaurant, and Mohonk Preserve.
