Land on 124 Acres

N/A, Durham, NY

Incredible acreage with approximately 5000 feet of Catskill Creek Frontage, ponds, and gorgeous mountain views! This lot was previously subdivided (map in pictures) into 13 buildable lots (could be more) 7 with creek frontage with one being 43 acres. Offering includes 2 parcels each with a home and several outbuildings from when property was a working farm. Main house needs some renovation but is spacious and lovely with lots of light and gorgeous views from every room. Electric bills are very low because of owned solar panel array. Second home has major water damage, but well, septic and electric in place. This is a fantastic development opportunity or could be a working farm again (or several...) Don't miss out on this slice of upstate heaven! 25 minutes to Windham Mountain for skiing, 30 minutes to Catskill or to the Cocksackie Thruway exit.
