1 Bedroom, 1.00 Bathroom, 756 sqft

Residential on 0 Acres

N/A, High Falls, NY

Comfy, cozy, quiet, quintessential, country cottage! An inviting High Falls haven tucked away on peaceful Bruceville Rd. is eagerly waiting for a new owner to infuse it with fresh life. When you walk into this bright little pied-a-terre, you'll be amazed at how spacious 756 square feet can feel! The rooms within are large & open, with an entry room that could be anything from den or office space to playroom, a sizable living room leading to a big eat-in country kitchen with lots of cabinets, good counter space, and sliding glass doors opening to a delightful balcony/deck overlooking the slope down to the road. The bedroom & full bath are on either side of a hall space off the kitchen which gives them a feeling of separation from the living area. Important aspects to the practicality of the space despite its size, include reasonable closet space (huge linen closet in the bathroom), & a nearly full basement where mechanicals & washer & dryer are located. Set against a wooded back-drop, with only the creek & more woods across the road, the sense of privacy without isolation here is delicious, yet the property's convenience to the village with Ollie's restaurant at the intersection of Bruceville & Main St., directly across Mohonk Rd & the route up Mohonk mountain to the hotel, the preserve, the trails of Minnewaska...so close to all the wonderful outdoor activities, & fascinating cultural events Ulster County & the Mid-Hudson Valley have to offer.

Built in 1954
