Newly imagined mid-century ranch sits on one of the county's most admired and quietest country roads, and directly across from 80 acres of state forest. The light, bright and expansive open plan layout with soaring ceilings is ideal for entertaining and encompasses a crisp, all-white kitchen, generous dining area, and living room big enough for a crowd. Primary bedroom enjoys a private bathroom with glass-enclosed stall shower, and three additional bedrooms share the second full bathroom with tub/shower. Oak floors run throughout the home, which is heated and cooled with high-efficiency, low-cost heat pump technology. A full basement with outdoor access is ready to be finished into whatever you might imagine. There's over 500 square feet of wraparound decking from which to survey the beautiful wooded property as well as plenty of room for a pool and a vegetable garden.
