Uptown and up-to-date, too! This spotless 11-year-old home on a quiet cul-de-sac just outside the Stockade District of Uptown Kingston is low-maintenance and move-in ready, with a long list of attributes, including an open, airy floor plan with lots of windows and sunlight; a large ground-floor primary bedroom with en-suite bathroom and adjacent laundry room; 3 more spacious bedrooms and a spa-like bath upstairs; plus a sunny front porch and an even larger deck connecting graciously to the kitchen, for easy entertaining. Hardwood floors “the real kind” -- run throughout the main level, and the living and dining rooms enjoy soaring cathedral ceilings. Other great features include energy-efficient zoned heating (natural gas), central air-conditioning, a large 2-car garage, and buried utilities. This is the rare house that puts you close to all the charms of Uptown Kingston, including restaurants, shopping and NYC bus service, but with all the best features of modern living, too.
