N/A, Stone Ridge, NY

Welcome to Tria Rotunda (latin for "three rounds"! Nestled in the picturesque landscape of Stone Ridge this captivating modernist gem stands out with its distinctive architecture - three interconnected cylinders that harmoniously blend with the surrounding natural beauty. This 3-bedroom, 2.5-bath home offers a refreshing and unmistakably bohemian feel, with a touch of West Coast ambiance, that exudes retro charm. The property's striking stucco exterior is composed of three cylindrical structures, contrasted by the sharp right angles of the 2-car garage. The curvilinear design showcases a harmonious blend of modernity and nature, where the use of sleek lines and a subdued color palette creates a seamless connection between the home and its lush surroundings. Large, strategically placed windows invite natural light to flood the interior spaces and offer glimpses of the vibrant outdoors. Upon entering, the interconnected cylindrical floorplan creates a subtly psychedelic experience, a wow moment combined with a dash of disorientation. The modernist design effortlessly combines contemporary aesthetics with a retro twist and the interior spaces are bathed in warm, natural light, highlighting the home's open layout. The first cylinder embodies the communal spaces of the home - living, dining and kitchen. The spacious living room is a comfortable and inviting space, perfect for relaxation and entertaining, anchored by a statement fireplace with

stacked bluestone surround that adds a cozy  
ambiance on cooler evenings. The  
open-concept design seamlessly connects the  
living room to the dining area and kitchen,  
creating an ideal environment for gatherings  
and entertaining. A second cylinder  
encompasses the primary bedroom, which  
offers a serene and restful atmosphere  
complete with a sitting area and en suite bath.  
Large windows provide tranquil views of the  
surrounding landscape, allowing you to wake  
up to the beauty of nature every day. A third  
cylinder houses the additional two bedrooms  
which share a jack-and-jill full bath. Tria  
Rotunda offers outdoor spaces that  
seamlessly integrate with the property's  
natural surroundings. At the interstices of the  
three cylinders are doorways to the outdoors -  
the double-door entrance with front porch, a  
side door that leads to the garage via covered  
walkway, and the double-door access to the  
brand new deck and verdant, fully fenced  
backyard. The spacious deck and screen  
porch provide an ideal setting for alfresco  
dining, entertaining guests, or simply  
unwinding while taking in the lush beauty of  
the property. Recently updated with a new  
roof, new electric heat-pump central AC, solar  
panels and much more, Tria Rotunda is ready  
for you to move right in to this one-of-a-kind  
residence and start enjoying your country  
escape that combines modernist architectural  
sensibilities with a distinctly bohemian design.  
The unique trefoil structure, thoughtfully  
designed living spaces, and integration with  
the natural surroundings create a harmonious  
blend of serenity, style and sophistication.  
Ideally situated in desirable Stone Ridge, only  
moments from the town center and just 90min  
from the GWB, Tria Rotunda enjoys the best of  
both worlds - a tranquil retreat that is  
completely private and hidden from the road
