A stylish duplex apt and first floor retail space in this multi use building is ideally located in the prime 400 block of Warren Street. A spacious duplex apartment occupies the second and third floors with bow front windows that provide lots of sunlight and fresh air. The second floor has a living & dining room, eat-in kitchen, one half bath, full bath, large bedroom and door opening onto a deck. The third floor has a very large bedroom, full bath and office space, again filled with light. A spiral staircase connects the two spaces in the rear and a main stair case runs from the street to the third floor. The retail space is a charming first floor shop with French doors that open onto a sunny fenced garden. There is plenty of display space and a two step walk up to provide for an office or conference area. There is a full basement and off street parking for one car on the alley. The building was completely renovated in 2003 and each floor has a separate furnace and central AC. Altogether a beautiful and functional building with many viable options.
