Residential on 2 Acres

N/A, Tillson, NY

Privately sited down a winding driveway off a dead end Town maintained road, sits this lovingly maintained 4 bedroom 3 bath home. Excellent for entertaining, this perfect home has an amazing flow. A spacious and efficient custom kitchen opens into either into a generous living room with french doors to the 29x13+ screened porch, or the sun filled dining room. Continue into a den or a more formal dining room- whatever you desire. The sizable primary bedroom has a tastefully updated bathroom and a large walk in closet with an ELFA closet system. There is an additional bedroom and hall bathroom on the first floor. Upstairs is a surprisingly expansive family room as well as two additional bedrooms, a "bonus" room with multiple storage shelves as well as heat. Perfect for a studio, office or perhaps even an additional bedroom, subject to zoning approval. The full basement has a poured foundation and is presently used as a workshop but can easily be finished into living space. There is a french door that leads the rear grounds. The grounds are beautifully planted by a professional landscaper. Stone walkway leads to the oversized (30x27) 2 car detached garage with a 100 amp sub panel. A staircase leads to a finished 29x20 studio/"bar"/playroom with a pellet stove. The antique dry bar will remain for the onwers to enjoy. This property affords new owners many many options. All of your wishes will be met at this property.
