Residential on 2 Acres

N/A, Pleasant Valley, NY

Step through the mudroom at Salt Point and find beautifully vaulted ceilings in the stunning Great Room, anchored by a woodburning fireplace and surrounded by Clayworks plaster walls. The home is rich in texture with oak flooring throughout, and there are beautiful woodland views outside each picture window. The kitchen is open and new, Reform cabinetry is topped with concrete countertops and custom shelving and niches have been built into the walls for display. The Wolf induction range sits front and center, and the refrigerator has been nicely tucked off to the side. A large center island provides seating and a central space to gather-- this space is truly the heart of the home. There is a first floor master bedroom, the bath features a soaking tub and is lined with serene tilework shaded just a hint of blue. You'll find two more bedrooms and a full bath on the main floor. Upstairs, there is a large bedroom, a large, full bath with jack-and-jill pedestal sinks and a soaking tub, and a media room which the owners have painted a beautiful charcoal grey. Outside, the home is privately sited, perched amongst perennial gardens, open lawn and woods, and a freshly stained deck runs the length of the house the perfect space for outdoor dining. You'll find central air, an attached garage & generator. 15m to Amtrak and ideally located under 2h to NYC.
